Dear Friend,

Thank you for your interest in this work. We hope you enjoy the convenience of our music perusal program. We are very excited to be able to provide this service and to allow you to read through this music before deciding if you want to purchase it or not.

The PDF file you have downloaded is meant for perusal purposes only. This means that you are being allowed to download it free of charge on a trial basis only and that it is not intended for use in performing this work or even for rehearsal in preparation for a performance of the work. You may print a minimal number of copies in order to read through the music as you decide whether you would like to purchase the work or not, but we ask that you respect this trust and do not print out any more copies of the music than you need to try it out and that once you have read through the work that you destroy all printed copies of the work and delete this file from any disk drives where it is stored. If you decide to purchase the work, you will be able to download a new copy of the file that does not have our perusal watermark on each page and comes with a license to print as many copies as you will need to rehearse and perform the work.

Our composers are paid royalties based on the number of copies of their works which are sold. They do not receive any royalties for perusal copies that are downloaded over the Internet. In recognition of the many hours of work that they put into developing their musical skills and into the creation of each of these works, we ask that you do not cheat them of the financial reward which they ought to receive for their efforts by using the contents of this file for rehearsal and/or performance purposes when you have not paid for that right.

Any inquiries you might have about how to purchase a copy of this or other works in our catalog or any other questions regarding uses of this material may be sent to [info@questhavenpublishing.com](mailto:info@questhavenpublishing.com).

Thank you for your kind consideration in this matter.

Best regards,
